Dear Bill:

I have reviewed the business plan for Housecraft, Inc. I am very favorably impressed with its mission and revenue model. The concept of providing modular housing in the current market should be very attractive to consumers. Your concept of a web-based communications center for prospective homebuyers is a forward-thinking addition to an industry not known for its technical innovations.

I believe your company will meet with great success in the future. We are pleased to be a part of your team and look forward to a long and productive relationship.

Very truly yours,
